TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, HTML/CSS
Frameworks: React, Next.js, Node.js, Tailwind CSS
Tools: Git, GitHub, VS Code, IntelliJ, Supabase, Vercel
Databases: PostgreSQL, Supabase

PROJECTS

DementiaAide | Dementia Care Support Platform

2026

Next.js, TypeScript, NLP

- Built a **Next.js** and **TypeScript** web app that helps dementia caregivers get fast, **scenario-specific guidance** through **natural language queries**.
- Developed an **advice engine** that **classifies 13+ caregiving scenarios** including wandering, aggression, and sleep issues.
- Designed a **responsive, accessible interface** with **searchable resources** and product recommendations to help users find support quickly.

Sleep Research Data Collection Platform

2025

Next.js, TypeScript, Supabase, Tailwind CSS

- Built a full-stack research platform collecting anonymized student sleep survey data to analyze sleep patterns and study habits.
- Developed secure API routes using **Next.js serverless functions** and **Zod validation** to process and store structured survey responses.
- Designed a **PostgreSQL** database with **Supabase Row Level Security** to ensure secure research data storage and controlled access.

Application Tracker & Resume Fit Analyzer

2025

Next.js, TypeScript, React, Tailwind CSS, Supabase, Google OAuth, Vercel

- Built and deployed a full-stack internship tracker with resume PDF upload, role-fit analysis, application metrics, and a searchable pipeline dashboard.
- Integrated Google OAuth, Supabase Postgres, and row-level security to support secure cross-device data saving for each user.
- Developed resume matching logic to compare resumes with job descriptions and return matched and missing skills with improvement tips.

EXPERIENCE

Dementia Aide

Sept 2025 – Present

Web Development and Data Analytics Intern, Cupertino CA

- Designed responsive wireframes and high-fidelity UI mockups in **Figma** for a complete website redesign.
- Rebuilt and customized the website using **Shopify** to improve usability and navigation.
- Applied **SEO** and UX improvements to increase engagement and guide higher-impact website updates.

Target

Dec 2022 – Present

Fulfillment Expert Team Captain, Colma CA

- Managed fulfillment operations processing over **8,000 online orders daily** in a high-volume retail environment.
- Improved workflow efficiency and order accuracy through process improvements.
- Trained and mentored team members while maintaining strong performance and safety standards.

EDUCATION

San Francisco State University

Expected May 2027

Bachelor of Science in Computer Science, San Francisco CA
